

Family Therapy Services

Family Counselling

We provide relational therapy for families and parents or caregivers with children under 18 who are experiencing issues such as: couple conflict, trauma, parenting difficulties, children's school and/or social problems.

The CARE Program

Supports licensed child care centers by training Early Childhood Educators (ECE's) and Child Care Assistants (CCA's) who are interested in understanding the behaviors and needs of the children in their Centers, and their own responses to those behaviors.

Theraplay

An attachment therapy based on five essential qualities: structure, challenge, engagement, nurture, and playfulness.

Families Affected by Sexual Assault & The Sexual Behavior Problem Program

The Families Affected by Sexual Assault Program (FASA) provides therapy to families when a child under age 18 has been sexually assaulted by someone other than a parent/caregiver or sibling.

The Sexual Behavior Problem [SBP] Program provides therapy to families with children under 12 who are showing signs of inappropriate sexual behavior towards another person or themselves.

If you have a family who is interested in our services, a referral can be made by having the parent contact FASA directly at: **(204) 786-7051, EXT 5212.**
